

New polling shows Americans want to protect children on social media

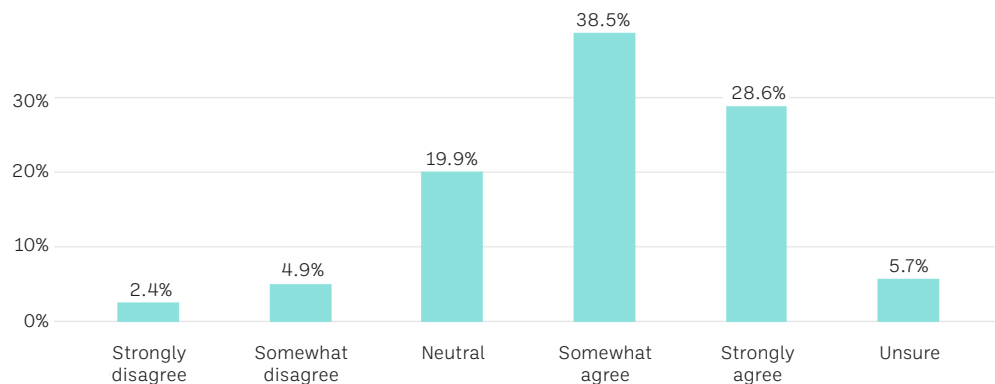

To what extent do you agree or disagree that social media companies have a responsibility to design their platforms in a way that protects the mental health of children, even if these practices limit profits?

How concerned are you that unchecked advanced artificial intelligence will make social media more harmful for children?

To what extent do you agree or disagree that Congress is not doing enough to hold Big Tech accountable for the harms caused by their social media platforms?

Methodology

Citizen Data sampled N = 1,010 registered voters during October 2023 as a part of its monthly omnibus survey. The margin of error is +/- 3.1%. Results are weighted on party ID, race, age and education.
